having a good day

day services

What are Manchester Learning Disability Partnership Day Services?

MLDP Day Services are run jointly by Manchester City Council and NHS Manchester.

Who are they for?

They are provided for people with learning disabilities, aged 18-65 who need support during the day.

Getting Started

First, you **contact us** and speak to a member of the **Community Learning Disability Team**.

Together we will discuss what you want and need. We will produce a **support plan** for you.

At our day centres there are lots of different activities to choose.

We change our programme regularly; there is something for everyone.

You can stay in the centre and enjoy the activities there, or get out and about.

You can spend time on your own, or part of a group.

MLDP Day Services are a great way to socialise and learn new skills.

It's your choice!

Getting There

We may be able to offer transport during the day; it is all part of our **quality** service.

Where are we?

MLDP Day Services have centres all over Manchester. There is always something to do right on your doorstep.

2 Day Services

Our staff are fully **trained** to ensure you are kept safe and to support you organising your day.
